

## Any Fair Number - Stephen Hudson, Horse Face Music, BMI

Well any a fair number of times that I've called you, you've always got something to do.  
And any old time that you could have held me you left me lonely and blue.

Chorus

When any fair number of others came calling, you said that they meant more to you.  
So if you want to cry on the line don't call me, any fair number will do.

Now all of the time I am home all alone dear, the promise you made on my mind.  
That the love that you had was for me and me only,  
Turns out you're the traveling kind.

## Prince of Peace - Stephen Hudson, Horse Face Music, BMI

Prince of Peace

If your heart is heavy burdened  
and your life is filled with pain,  
turn to the one who died to save you,  
He paid the price and rose again.

Chorus

Come and lay your burdens down  
Give up your sins and gain a crown  
You'll find joy and sweet release  
When you meet the Prince of Peace

When storms of life, rage on around you  
Ev'ry battle is up hill  
He will calm the stormy waters  
Trust in Him and peace be still.

When your battle's fin'lly over  
And you've taken your last stand,  
Just keep holding to the Savior  
He'll lead you to the Promised Land.

## Poor Lost Child's Lament - Stephen Hudson, Horse Face Music, BMI.

In the mountains of Virginia/ near the place that I call home/ there lived a little family there/ on  
the mountainside alone.  
The Lord gave them a baby boy/ they cherished him so dear/ when the cold Virginia snow would  
fall/ His mother held him near.

One day while he was playing/ Just beyond his mother's sight/ the evening sun was over come/  
by the cold Virginia night.

Chorus

Round and Round/ he wandered as he went/ the cold night air was filled with the poor lost  
child's lament.

His mother wept and prayed upon/ the little cabin floor/ while his father searched in vain to see/  
the little boy once more.

Chorus

Sometimes we still hear cries at night/ drifting on the wind/ of a lonesome child that's searching  
for his mother's arms again.

Round and Round/ he wandered as he went/ the cold night air was filled with the poor lost  
child's lament.

Round and Round/ he wandered as he went / the angels called him home with the poor lost  
child's lament

## I Don't Have to Give In - Stephen Hudson, Horse Face Music, BMI

It's not the chains that are holdin' me down  
It's not the mem'ries of the ones who've run the race and won a crown  
When I'm surrounded by a world that only knows the ways of sin  
The Holy Spirit gently whispers "you don't have to give in"

CHORUS:

I don't have to give in, I don't have to give in,  
When temptations of this world surround my soul  
On that cross His blood was poured  
He paid the price I couldn't afford  
I don't have to give in, Praise the Lord

When temptation comes around  
When a ray of hope to guide me on my way cannot be found  
I'm reminded how He saved and cleansed my soul from deep within  
And that when I face the devil I don't have to give in.

## Go Sin No More - Stephen Hudson, Horse Face Music, BMI

Well brother John, he came baptizing  
He said repent for the kingdom draweth nigh

There comes one after, who was before  
The Son of God, sayin' go and sin no more

#### Chorus

Go sin no more the Savior told them  
Don't open the door, and let the devil back in  
Hear Jesus call, you're the one He died for  
Go sin no more, go sin no more

The Pharisees brought a woman for to stone her  
Until the Lord reminded them of their own sin  
They turned away because they all had debts to pay for  
He turned to her sayin' go and sin no more

The lame man lay there by the waters  
He had no friends for to take and put him in  
'Til Jesus told him, get off the floor  
Take up your bed and walk and go and sin no more

### There's a Hole - Stephen Hudson, Horse Face Music, BMI

Ch. Well there's a hole, just waiting for me  
Waiting for the day I die  
When I'll see Jesus, up there in Glory  
I'll meet my friends, up there on High

1. Life down here is just a shadow  
A clouded view of things to come  
Well I might be here, but my mind's in Heaven  
Just shoutin' praise to God's only Son

2. Well here on Earth, there's pain and suffering  
So many things I just can't understand  
But I know Jesus has all the answers  
He gladly leads and takes me by the hand

3. When my time comes, I won't be crying  
I'll gladly lay this body down  
I'll get to wear a robe of glory  
And on my head I know I'll wear a crown

### Ten Years Down - Stephen Hudson, Horse Face Music, BMI

Lookin' at the stars from behind concrete and bars  
Takes me back to a time when you were mine  
But I guess I didn't want to see, you really didn't care for me

And that's why you had to push on down the line

When you told those lies, stars were shining in my eyes  
And the thought had never crossed my mind to doubt you  
But I lost your love and lost the way, that's why I'm in this cell today  
I'd rather die in here than live without you.

Chorus

Now every day it feels like I get just a little lower  
When I'll change directions I don't know  
Ten Years down, and thirty more to go

Years have passed me by while I sit and wonder why  
you slammed the door and left me broken hearted  
Well you pushed me on a downhill slide and I just can't get off this ride  
I'm still in love and wish I'd never started

The hard walls of this prison and the pain that just won't end  
Remind of your heart of stone, that wouldn't let me in

Now Every day's the same, shackled to a ball and chain  
And every year drags by a little longer  
For ten years I've been locked away, and thirty more I've gotta stay  
The pain inside is growin' even stronger

## Road to Emmaus - Stephen Hudson, Horse Face Music, BMI

Come on, come on, please walk with us  
Please walk down this old dusty road  
We'll talk of our Lord  
How he suffered and died  
And bore such a terrible load

Chorus

Come walk on the road to Emmaeus  
We'll talk of the things we have seen  
Come walk on the road to Emmaeus  
We'll talk about Jesus our King

Come in, come in, please dine with us  
Come hear of the things we've been told  
Our Savior and friend  
Was crucified, then  
He was laid in a tomb oh so cold

Dear friend, dear friend please tell to us

Just how you became oh so wise  
Such knowledge and truth  
You've spoke to our hearts  
And opened our poor, darkened eyes  
Come on, come on, rejoice with us  
Our Savior and Lord we've just seen  
He suffered and died  
In three days revived  
Now he lives as the king of all kings

## Between A Rock and A Hard Place - Michael C. Branch, Horse Face Music, BMI

I get up every morning, to the same routine  
Put on my old work shirt and my old bluejeans  
I tie up the laces of the boots on my feet  
And head on off to work, just to try and make ends meet

'Cuz the mortgage is late and pow'r bill is due  
The roof's started leaking and the kids all need new shoes  
It's one thing then another, I can't seem to catch my breath  
Just tryin' to break even, Lord I'll work myself to death

Chorus:

Another day, another dollar, another bill that I can't pay  
I've got to climb out of this hole, Lord help me find the way  
They're asking for more, than I've got to give,  
Between a rock and a hard place is a tough place to live

Been workin' hard all of my life, got nothing to show  
But a big stack of bills that says how much I owe  
And the stack keeps on growin', reaching towards the sky  
I'm makin' monthly payments until the day I die

Well you know I believe that the Lord he will provide,  
He knows my every care, every need He will supply...

## Mockingbird - Stephen Hudson, Horse Face Music, BMI

Mockingbird standing on my window sill,  
Saying you don't love me and you never will  
Singing me a sad song, that makes me want to cry  
Telling me your love is just a lie  
But I don't listen to the Mockingbird  
When I hold you in my arms  
'Cuz all I feel are your loving charms

When you're standing next to me

Rain gently knocking on my window pane  
Telling me your love is gonna change  
Wind gently whispers underneath my door  
You're gonna leave just like you did before  
But I don't listen to the wind and rain  
When I hold you in my arms  
'Cuz all I feel are your loving charms  
When you're standing next to me

Mockingbird standing on my window sill  
Saying you don't love me and you never will  
Singing me a sad song that makes me want to cry  
Telling me your love was just a lie  
Now all I hear is the mockingbird  
Without you in my arms.  
The wind and rain replaced your loving charms  
When you closed the door to leave  
The wind and rain replaced your loving charms  
When you closed the door to leave

## Run to The Rock - Bb

Verse 1

There is a rock named Jesus, he is proven tried and true  
When troubles of the world arise, he's there to comfort you  
All your trials and temptations will be dashed against this stone  
Simply run unto the Rock, and you will never be alone

Chorus:

O Father, Run to the Rock

O Sister, Run to the Rock

O Children, Run to the Rock, He will surely meet you there

Verse 2

When you wander onto paths of sin, and fall along the way  
Just open up your heart to him, lift up your eyes and pray  
He will light a fire in a heart that has grown cold  
And like a gentle shepherd, lead you back into the fold

Chorus:

Verse 3

There is a cleft here in this Rock, a wound from long ago  
When Jesus gave His life up, laid it down, and let it go  
Now I'm thankful for that cleft, where my weary soul can hide  
And safely there, eternally, with Jesus I'll abide

Chorus x2
